

## Product Specification

### Model: LANA (UO-1302A)

#### Features:

- ⦿ User-friendly LED Digital temperature control
- ⦿ Energy saving mode (up to 60% less usage)
- ⦿ Built-in leakage detection system
- ⦿ Connectable to other devices  
(e.g. coffee machine, ice machine)
- ⦿ Separate hot, warm, cold faucets for practical use
- ⦿ Digital TDS reader

#### Dimensions:

(D) 460 x (W) 335 x (H) 1325 mm

#### Water Tank Capacity:

(Cold) 3.3 Litre

(Hot) 10 Litre

(Warm) 5 Litre

#### Power Consumption:

220V, 50/60HZ (Cold Water 215W, Hot Water 1000W)

#### Temperature:

(Cold) 4°C - 12°C

(Hot) 85°C - 100°C

#### 4-Stage (NSF certified) Filters Process:

Pre-Filter - Polypropylene Filter

Activated Carbon Filter

"Reverse Osmosis" - TFC Membrane

Post Filter - Activated Carbon Filter

#### Production Capacity:

100 gallon per day (378 Litre per day)

#### Electrical Safety:

Registered under EMSD Electrical Products  
(Safety Regulation)

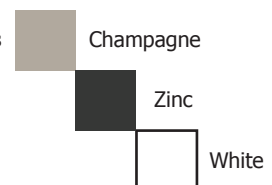

Automatic on/off setting saves up to 60% electricity consumption.

Highest quality  
NSF (US Standard)  
Certificate filters
